Dear Fellow,

The fourth meeting of the 254th Session will be held on **Monday 23rd November 2026,** when Rudy Charles Capildeo will deliver his lecture on:

BODIES OF EVIDENCE: MEDICINE, COLLECTING AND THE LAW

Rudy is Head of the Private Client Group and Head of Art & Luxury Law at Wedlake Bell LLP. He has built a reputation for providing commercially astute and market-sensitive legal advice across all aspects of the art and luxury world.
He works on a broad range of matters, including domestic and international transactions, issues relating to intellectual property rights, the establishment and running of luxury asset funds, and the provision of strategic cultural policy advice. His clients include internationally renowned contemporary artists and their estates, blue-chip galleries, public institutions and private collections.
Rudy's expertise extends beyond fine art to other luxury assets such as classic cars, wine, high-end musical instruments, yachts, planes, jewellery, timepieces and advancements in the technological field from NFTs to the metaverse. Rudy structures investment vehicles, including both equity and debt funds, designed to acquire or finance high-value assets, such as fine art, classic cars, musical instruments, watches and other luxury collectables, and advising on the subsequent transactions. He also supports public authorities and cultural organisations with strategic legal advice on heritage protection, art and luxury market regulation and legislative reform, often involving multi-stakeholder collaboration and input into the drafting of new legal frameworks.

A Buffet Supper will precede the meeting at 6.45pm, and the meeting will start at 8pm. The cost of the evening, to include the lecture and supper will be **£47** per person for Fellows and guests.
