Dear Fellow

The next meeting of the Session will be the Second General Meeting (Agenda attached) to be held on Monday 13th May 2024 followed by the Annual Oration to be delivered by Professor Dame Clare Gerada DBE FRCP FRCGP FRCPSych on

THE FUTURE OF PRIMARY HEALTH CARE

Clare is a general practitioner to her patients in South London, where she has worked for more than 34 years. In addition, she has held several national leadership roles, including both the Chair and President of the Royal College of GPs, the second woman in its history to hold both positions. She set up and led until 2021 the award-winning mental health service for health practitioners, NHS Practitioner Health. She has now set up and leads the Primary Care Gambling Service, a unique GP-led multidisciplinary service straddling the primary, secondary and third sectors. She was awarded an MBE in 2000 for her services to drug misuse, and a DBE in 2020 for services to mental health.

The future of general practice is the future of the NHS. The two are intimately linked; without a functioning general practice system, we will not have a functioning health service. Clare will talk about why we are in the position we are in, how she has lived through the three ages of general practice and what she thinks needs to be done to create a health service fit for tomorrow.

A Buffet Supper will precede the meeting at **6.45pm**. If you wish to attend the supper please send your cheque to reach the Registrar at the above address by **Thursday 9th May** accompanied by the attached slip.
